Course information

Course prerequisites
Bachelor's level in statistics, some basic knowledge of linear algebra is also useful.

Learning objectives
Understanding of financial theory and ability to implement the theory based on recent financial data.

Course content
This course is the core finance course in the MiQE/F. It deals with the basic concepts of financial modelling and principles of asset pricing, and has a rigorous treatment of portfolio theory and applications. Moreover, interest rate calculations, bond pricing, bond portfolio management and option pricing are also covered.

Course objective: The aim of the course is to present advanced financial theory and to illustrate how it can be applied on real-life data. Quantitative problem sets are an important part of the course.

Course structure
This course will take place in hybrid form with pre-recorded lectures and face-to-face teaching. Attendance of the face-to-face teaching sessions is not mandatory.

The course covers the following topics:
1. The Basics of Return Calculations
2. The Basics of Portfolio Choice
3. Mean-Variance Frontier
4. Index Models
5. Portfolio Choice
6. Capital Asset Pricing Model
7. Foreign Exchange
8. Performance Analysis
9. Risk Measures
10. Utility-Based Portfolio Choice
11. CAPM Extensions and Multi-Factor Models
12. Investment for the Long Run
13. Efficient Markets
14. Dynamic Portfolio Choice
15. Interest Rate Calculations
16. Hedging Bonds
18. Interest Rate Models
19. Basic Properties of Options
20. The Binomial Option Pricing Model
21. The Black-Scholes Model
22. Hedging Options
23. FX and Interest Rate Options
24. Trading Volatility

The course contains lectures, problem sets (= examination paper), and has a written exam.

**Course literature**

(i) Required readings:

- Lecture notes (available as pdf files on the course homepage);

(ii) Optional extra reading on interest rate and options:

(iii) Further readings:

- To be specified in class.

**Additional course information**

This course will take place in hybrid form with pre-recorded lectures and face-to-face teaching. Attendance of the face-to-face teaching sessions is not mandatory.

In the case of the President’s Board having to implement new directives due to the SARS-CoV-2 pandemic in AS2020, the course information listed above will be changed as follows:

- The course is conducted online via the platform Zoom;
- The recordings of the course are available until the exam;
- The lecturer informs via StudyNet and e-mail on the changed implementation modalities of the course;
- The examination information listed below would be changed as follows:
- There are no changes necessary to the examination information.

Examination time: term time

Remark
examination paper = collection of problem sets

Examination-aid rule
Term papers

Term papers must be written without anyone else's help and in accordance with the known quotation standards, and they must contain a declaration of authorship which is a published template in StudentWeb.

The documentation of sources (quotations, bibliography) has to be done throughout and consistently in accordance with the chosen citation standard such as APA or MLA.

For papers in law, the legal standard is recommended (by way of example, cf. FORSTMOser, P., OGOrek R. et SCHINDLER B., Juristisches Arbeiten: Eine Anleitung für Studierende, newest edition respectively, or according to the recommendations of the Law School).

The indications of the sources of information taken over verbatim or in paraphrase (quotations) must be integrated into texts in accordance with the precepts of the applicable quotation standard, while informative and bibliographical notes must be added as footnotes (recommendations and standards can be found, for example, in METZGER, C., Lern- und Arbeitsstrategien, newest edition respectively.

For any work written at the HSG, the indication of the page numbers is mandatory independent of the chosen citation standard. Where there are no page numbers in sources, precise references must be provided in a different way: titles of chapters or sections.
Examination content

Topics of the written exam (50%):

- All topics covered during the lectures as well as the required reading (specified in the detailed reading list) are relevant for the written exam.
- The material in the problem sets is also relevant for the written exam.

Examination relevant literature

- Lecture notes

Please note

Please note that only this fact sheet and the examination schedule published at the time of bidding are binding and takes precedence over other information, such as information on StudyNet (Canvas), on lecturers' websites and information in lectures etc.

Any references and links to third-party content within the fact sheet are only of a supplementary, informative nature and lie outside the area of responsibility of the University of St. Gallen.

Documents and materials are only relevant for central examinations if they are available by the end of the lecture period (CW51) at the latest. In the case of centrally organised mid-term examinations, the documents and materials up to CW 42 are relevant for testing.

Binding nature of the fact sheets:

- Course information as well as examination date (organised centrally/decentrally) and form of examination: from bidding start in CW 34 (Thursday, 20 August 2020);
- Examination information (regulations on aids, examination contents, examination literature) for decentralised examinations: in CW 42 (Monday, 12 October 2020);
- Examination information (regulations on aids, examination contents, examination literature) for centrally organised mid-term examinations: in CW 42 (Monday, 12 October 2020);
- Examination information (regulations on aids, examination contents, examination literature) for centrally organised examinations: two weeks before the end of the registration period in CW 44 (Thursday, 29 October 2020).
